Personal Review

Shopping

1&4) Four Square Hillcrest/Silverdale

Satisfies most of my grocery need, but much more pricy than Countdown (or Pak'n'save outside of this map) Overall a good place to buy some groceries if you just need a few things

2&6&16) Produce Planet, Hillcrest Fresh, East Fresh

Sells fresh produces and sometimes the prices can be cheaper than the supermarkets when the item is in season. 1 dollar avocados are common in summer. Carries non-local snacks and ingredients (mainly for Asian style cooking)

13) Fruitworld Hamilton

A much larger version of 2,6,16.. expect better variety and more Asian-style ingredients.

12) Khyber Foods and Spices

A 'specialty' store for south Asian spices and ingredients, this is where I would go when I need to obtain specialized ingredients for south Asian cuisines

5) Warehouse

A Superstore carrying homeware and limited groceries. Prices are quite reasonable

9/20) Yakeda , Dollar Store

Budget stores carrying homewares and other knick-knacks, don't expect quality, but they are a good place to shop when you are on a budget.

10) Countdown

A proper supermarket for most of your grocery needs. There is a phone app you can use to check the prices. Bring along reusable bags as they will charge for plastic bags

14/15) Redcross , Salvation Army Family Store

We call them op shop, where you can purchase second hand clothing and homeware for cheap.
They accept donations as well if you have items to give away

7) Hillcrest Butcher,

Just the local butcher, good place to buy eggs because they tend to sell them at lower prices than

11) Firdaus Halal Meat

Another butcher except that they carry `halal` (Kosher) meat. Nearest halal butcher to the university

17, 21, 22,23) Dairies

Dairy is another name we use for convenience stores, nothing much to say about them, except that they carry groceries.
